

Fetal Cardiology Conference and Case Review: Fetal Bradyarrhythmias

Internet Live Activity

Date: 07/02/2021

Time: 08:00 – 10:00 am EDT

Location: Live Webinar (hosted via Zoom)

Accreditation:

The MEDNAX Center for Research, Education, Quality and Safety is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The MEDNAX Center for Research, Education, Quality and Safety designates this Internet Live activity for a maximum of 2.00 *AMA PRA Category 1 Credits*™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The MEDNAX Center for Research, Education, Quality and Safety is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation.

The MEDNAX Center for Research, Education, Quality and Safety designates this Internet Live activity for a maximum of 2.00 *nursing contact hour(s)*. Participants should claim only the credit commensurate with the extent of their participation in the activity.

Disclosure of Financial Relationships:

Disclosure of Financial Relationships and Resolution of Conflicts of Interest is designed to ensure quality, objective, balanced, and scientifically rigorous continuing education activities. All individuals in a position to influence and/or control the content of continuing education activities have been asked to disclose all relevant financial relationships within the past 24 months. Any real or apparent conflicts of interest related to the content of the faculty's presentation have been resolved as have any real or apparent conflicts of interest by the planners as related to the content of this conference. Beyond disclosure of relevant financial relationships, faculty are required to disclose when they plan to discuss pharmaceuticals and/or medical devices that are not approved by the FDA and/or medical or surgical procedures that involve an unapproved or "off-label" use of an approved device or pharmaceutical. The Mednax Center for Research, Education, Quality and Safety is committed to providing learners with commercially unbiased continuing education activities.

The planners, moderators or speakers of this activity have the following financial relationship(s) with commercial interests to disclose:

Raul Aguirre, MD *Disclosure(s)* - I have no financial relationships to report. *FDA Disclosures:* None to report.

Renato Dubois, MD *Disclosure(s)* – I have no financial relationships to report. *FDA Disclosures:* None to report.

Debbie Friedman, MD *Disclosure(s)* – I have no financial relationships to report. *FDA Disclosures:* None to report.

James Huhta, MD *Disclosure(s)* – I have no financial relationships to report. *FDA Disclosures:* None to report.

Madlin Khoury, AS *Disclosure(s)* – I have no financial relationships to report. *FDA Disclosures:* None to report.

Marshall Lewis, MD *Disclosure(s)* – I have no financial relationships to report. *FDA Disclosures:* None to report.

Nicole Brenson, MS.Ed *Disclosure(s)* - I have no financial relationships to report.

Julissa Escorcia, APRN *Disclosure(s)* – I have no financial relationships to report.

Commercial Support: There is no commercial support for this educational activity.

Overview: The Fetal Cardiology Conference and Case Review will discuss pertinent (emergent) topics for fetal cardiology clinicians and highlight interesting features to aid in learning anatomical differences and the pathophysiology of heart defects. The purpose is to improve the communication amongst the perinatology team and delivery teams thereby decreasing emergency interventions, such as anticipating a need for an atrial balloon septostomy as opposed to a high-risk neonatal delivery leading to an emergent situation, ensuring optimal staff presence regarding deliveries, and so forth. This improved communication will aid in the decrease in morbidity and mortality among high risk patients as clinicians provide excellent, evidence-based care through using the latest evidence-based research and technology.

Objectives: At the conclusion of this activity, the participant will be able to:

ACCME Objectives

1. Discuss the anatomical differences and the pathophysiology of fetal heart defects.
2. Execute evidence-based care to aid in the decrease in morbidity and mortality among high risk patients.

CME – ACGME/ABMS Competencies

1. Patient Care and Procedural Skills
2. Medical Knowledge

ANCC Learning Outcomes

1. Discuss the anatomical differences and the pathophysiology of fetal heart defects.
2. Execute evidence-based care to aid in the decrease in morbidity and mortality among high risk patients.

ANCC – IOM Competencies

1. Employ evidence-based practice

Evaluation, Attendance and Credit: Within <https://mednax.cloud-cme.com>, click My CE and then select Evaluations and Certificates. Follow the instructions to record attendance/time spent and complete the brief evaluation. You will have the option to email the certificate of attendance to your mailbox.
