Overview:

NEO: The Conference for Neonatology addresses cutting edge, yet practical aspects of newborn medicine. Educational sessions are conducted by many of the foremost experts, who address neonatal-perinatal topics for which they have become renowned. This educational activity provides valuable clinical information for participants to bring back to their NICUs to improve the care that they provide infants in their units. NEO was designed for participants to better understand and utilize the leading approaches to neonatal intensive care addressed in the sessions.

Objectives: At the conclusion of this activity, the participant will be able to:ACCME Objectives

1. Describe techniques in how to adjust continuous quality improvement initiatives while experiencing the challenges of a pandemic.
2. Discuss how a large collaboration of NICUs can make positive impacts in the care of the neonate.
3. Identify opportunities to continue to improve the care provided to neonates.
